# KNECT™ System Configurations

## Screwdriver Sets

Engineered For Precision Screwdriver Work

Optimised for screwdrivers and impact drivers, these kits provide essential tools in a compact, task-focused set.

## Socket & Ratchet Sets

Optimised For Ratchet-Driven Jobs

Designed for fast, accessible fastening, these kits feature pass-through capability for long bolts, threaded rod, and tight spaces.

## Screwdriver & Ratchet Combo Sets

Purpose-Built For Multiple Driving Methods

Built for versatility, these sets combine drivers, sockets, and accessories into compact sets for weight and space savings.

## Socket Sets

For Impact Applications

Engineered for impact drivers and wrenches, these sets deliver durable, efficient performance for high-torque, repetitive work.

## KNECT™ (S) & KNECT™ (M)

KNECT™ systems are offered in two sizes to match application demands and drive preferences.

6" (15.2cm)

1/4" Adapter

KNECT™ (S) is ideal for precision work and access in tight, hard-to-reach places

8.5" (21.6cm)

3/8" Adapter

1/2" Adapter

KNECT™ (M) enhances leverage to apply high torque for more demanding fastening tasks

## MOD BOX™ Stackable Accessory Cases

MODbox™ accessory cases expand storage without sacrificing mobility. All accessory cases stack with each other and are interchangeable, they can also be accessed whilst being stacked to improve convenience.
